

## Tomás Gomes

**Nationality:** Portuguese **Date of birth:** 05/04/2005

**Home:** (Portugal)

### EDUCATION AND TRAINING

#### Bachelor's degree in Videogames and Multimedia Applications

**Universidade Lusófona do Porto** [ 01/09/2023 – 30/06/2026 ]

**City:** Porto | **Country:** Portugal | **Level in EQF:** EQF level 6

User experience and digital design (UI/UX design, prototyping, interface evaluation) - digital design and multimedia applications

Digital development technologies (Figma, APIs, workflow automation, prompt engineering) - fundamental principles and best practices

Quality Assurance (functional testing, usability evaluation, technical reporting) - quality assurance methodologies

Multimedia development and game design (interactive experience design, animations) - practical multimedia applications

Business and technical knowledge (technical documentation, professional communication, process automation) - organisational and economic context

### WORK EXPERIENCE

**ByMe** – Porto, Portugal

#### Workflow Automation Internship

[ 01/04/2026 – 30/06/2026 ]

Designed and developed automation solutions for Figma design specification generation using Claude AI, exploring multiple technical approaches (Figma Dev Mode MCP, REST API, screenshot analysis, and manual JSON export)

Built and deployed two production-ready solutions: a standalone HTML tool with REST API integration and a Claude Project with MCP integration for enhanced design token extraction and prototype navigation mapping

Conducted technical troubleshooting and resolved critical issues including CORS configuration, API rate limiting management (HTTP 429), and Node.js proxy server setup

Created comprehensive technical documentation including designer guidelines, system prompt instructions, and implementation reports

Performed quality assurance testing and validation of design workflows and automation outputs

**Unilabs** – Porto, Portugal

#### UI/UX Designer Internship

[ 01/04/2023 – 01/07/2023 ]

Took an internship at **Unilabs**, where I worked on a small project given to me as a **UI/UX Designer**, developing elements and user experience for a **Unilabs Health Quiz**.

Designed and prototyped the end-to-end user interface for the Unilabs Health Quiz, focusing on intuitive navigation and user engagement.

Developed custom UI components, visual layouts, and responsive elements while maintaining strict adherence to Unilabs' corporate brand guidelines.

**Grupo Múltipla Escolha** – Porto, Portugal

## Summer Camp Monitor

[ 10/07/2023 – 01/09/2023 ]

Supervised and mentored big groups of children, ensuring their safety, well-being, and active participation in daily activities

Developed strong leadership and public speaking skills by coordinating group dynamics and giving clear instructions to large audiences

Exercised real-time problem-solving and conflict resolution to maintain a positive, inclusive, and engaging environment

Collaborated closely with a team of monitors to plan and execute daily schedules, demonstrating reliable teamwork and time management

## SKILLS

---

Canva, Figma / Design skills (Figma, Adobe Photoshop, Adobe Illustrator) / Artificial intelligence / QA / Workflow Automation / Adobe Photoshop, illustrator, AI

## LANGUAGE SKILLS

---

**Mother tongue(s):** Portuguese

**Other language(s):**

**English**

**LISTENING** C1 **READING** C1 **WRITING** B2

**SPOKEN PRODUCTION** B1 **SPOKEN INTERACTION** B2

*Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user*
